

ARCHITECTURE OF THE BARRICADE

The recent global upheaval and related cultural politics have led to the unexpected loss of a substantial portion of our Institute's funding. Unfortunately, this loss of financial support makes it impossible for us to afford the costs of running the gallery. It has necessitated the temporary suspension of the Barricades exhibition for July and August.

However, as the installation has been so popular and consistently praised in the media, we hope to raise sufficient material aid to reopen in September, October, and November. We will report on the success of our fundraising efforts on our website: www.arsenale.com

If you would like to support the groundbreaking work of the Arsenale Institute, the only independent research facility of its kind in Italy, please consider donating to this effort. It's thanks to people like you that the Institute can carry on its crucial work.
